

FEDERAL JUDGE DISMISSES LAWSUIT AGAINST BAY, FORMER COUNCILMAN

BY GEOFF BELCHER
GENERAL MANAGER

A federal judge has dismissed a lawsuit against the city of Bay St. Louis and a former city councilman which claimed he used his authority on the council to “destroy” a maritime contractor and his business.

Gulfport attorney Patrick W. Kirby filed the suit in federal court in April 2018 on behalf of Keith Marquar and L&L Marine Construction, LLC. The defendants were former Bay Councilman Lonnie Falgout, Mayor Mike Favre – both of whom were named individually and in their official capacities as city officials -- and the city of Bay St. Louis.

Later that same year, Marquar dropped Favre’s name from the suit.

U.S. District Judge Sul Ozerden ruled in June that Marquar’s claims against the city be dismissed without prejudice. Then last month, he dismissed Marquar’s claims against Falgout, as well.

VIRTUAL THERAPY

HEATHER AND BOBBY THE PUG BRING JOY TO CHILDREN DURING PANDEMIC

From left, Heather Deton reads a children’s book to therapy pup, Bobby the Pug.

BY CASSANDRA FAVRE
STAFF WRITER

On Sept. 19, several families drove through the Pass Christian Library’s Drive By Children’s Reading Program, “We Are All Ears,” to say hello to the Visiting Pet Teams of South Mississippi, including Bobby the Pug and Heather Deaton of Diamondhead.

Visiting Pet Teams of South Mississippi is a 501 (c) 3 non-profit organization animal therapy group, coordinator Mike Bowin said.

The group works with Pet Partners who set the rules and register the handler and the animals, he said.

According to its website, Pet Partners promotes the “health and wellness benefits of animal-assisted interventions” and is the “nation’s most prestigious nonprofit registering handlers of multiple species as volunteer teams.”

“Pet Partners teams visit with patients in recovery, people with intellectual disabilities, seniors living with Alzheimer’s, students, veterans with PTSD, and those approaching end of

life, improving human health and well-being through the human-animal bond,” the website states.

There are about 30 to 35 teams which participate with Visiting Pet Teams of South Mississippi, Bowin said. Teams are made of

one handler and a dog, he added.

During more “normal” times, Bowin said, the teams visit hospitals, nursing homes, pediatric

care facilities, rehabilitation facilities, mental health facilities, and libraries.

Due to the COVID-19 restrictions set forth, Bowin said the teams have been limited as to where they can visit.

Bobby the Pug is a registered therapy dog and prior to 2020, he and his handler Heather, paid several visits to Woodland Village in Diamond-head.

“My favorite part of visiting the seniors is seeing who’s going to light up when they see Bobby,” Heather said in a June 2018 interview. “They won’t remember me, but they remember him. I love it.”

Now, Bobby is capturing the hearts of children through a virtual storytelling hour at the Pass Christian Library.

Heather is immunocompromised, which makes social distancing a must for her health.

She is also a survivor of Chiari Malformation I, a condition which caused her brain to herniate out of her skull into her spine, which left her confined to a wheelchair for a year, until she inexplicably began walking again.

Heather was also diagnosed with autism, Asperger’s Syndrome and narcolepsy.

But, Heather said that, now, it’s more important to her than ever to volunteer.

“It brings everyone, including Bobby and me, a sense of normalcy during all this,” she said. “It gives the kids something to look forward to,

to see the dogs. Bobby is happy and active in his videos. It’s a nice happy pick-me-up for everyone.”

Heather and Bobby record story time at the Pass Christian Library and children can click the link on the library’s website or watch the videos on Facebook.

Heather said that’s important to remain positive, especially during this time.

“I can do my part to try and encourage others,” she said. “Everyone needs that right now.”

Bowin said that the pet teams help lift peoples’ spirits.

He said that there are two things he knows about hospital patients.

“One, they probably don’t want to be there and two, they are not feeling good,” he said. “We knock on the door and introduce them. It’s almost a little shock to them, but then a big smile breaks out. It makes it all worthwhile, a break in the routine and lifts their spirits.”

The goal of pet therapy is to “bring sunlight into peoples’ lives.”

“There is something about the presence of animals that makes a world of difference,” Bowin

said. “Therapy animals are born, not made.”

Bowin said that the organization is always looking for interested handlers and dogs.

Meetings are held on the second Saturday of the month at 10:30 a.m. at Gulfport Memorial Hospital’s South Building Room 5.

An hour prior to the meeting, Bowin said there is a new member orientation. He also encourages interested parties to bring their dogs in order to determine if the animals would be suitable for therapy.

“People can make an educated decision about being involved,” he said. “There is an online course and Pet Partners has a checklist. It also depends on how quickly and if the animal can be trained. If you’re going to do it, it has to be something you really want to do. The rewards are really there.”

Waveland teen to be charged

AS ADULT IN ARMED ROBBERY

BY GEOFF BELCHER
GENERAL MANAGER

A 17-year-old Waveland resident was arrested this week and will be charged as an adult for the armed robbery of the Waveland Family Dollar store, police said.

Waveland officers Patrick Crowe and John Desalvo responded to the robbery at about 6:44 p.m. on Sunday, Chief Mike Prendergast said.

The store clerk said a man with a face mask “pointed a gun at her and demanded the money from the cash register,” Prendergast said. A customer at the store said she saw the incident and the suspect pointed the gun at her and “asked

what her problem was. Then (he) continued to rob the clerk.”

The clerk gave the suspect the money “and he left the business and went East towards Avenue B area,” Prendergast said.

The assailant was described as a black male wearing a white shirt, black hoodie, with dark pant and a face mask which only showed his eyes and mouth, Prendergast said.

Waveland Investigator Jamie Nelson reviewed the security camera footage from the store and the department “received information regarding” the subject, Prendergast said.

“A search warrant was served on Tuesday at an

apartment at the Ridge apartment complex in Waveland,” he said. “Officers located the clothing that the subject was described as wearing during the robbery. They also located a hand gun which looked like the same hand gun on the video of the armed robbery.”

After Nelson received information that the suspect was in the Slidell area, Prendergast said, he “collaborated with officers from the Slidell Police Department who located the subject, Donnell Davion Allen, 17 years of age. He was placed into custody and is now awaiting extradition. He will be charged as an adult for armed robbery.”

Anyone with information in the case is urged to contact Nelson at the Waveland Police Department at 228-467-3669.

WAVELAND OFFICERS

MAKE TWO ARRESTS IN PROBE OF ‘DOMESTIC VIOLENCE’ SHOOTING

BY GEOFF BELCHER
GENERAL MANAGER

Waveland police officers on Friday announced that two people have been arrested after a “domestic violence” shooting that occurred on Thursday.

Waveland Police Chief Mike Prendergast said Friday that James Kenneth Staton, 51, of Waveland, was charged with aggravated assault.

Monica J. Thomas, 44, also from Waveland, was arrested for providing false identifying information, Prendergast said, and investigators discovered there was also an active warrant for her arrest in Louisiana.

“She was transported to the Hancock County Jail and a hold was placed on her for Loui-

James Stanton
siana,” Prendergast said. The shooting occurred Thursday afternoon at 147 Beth Court Waveland, police said, before the victim turned up at a Bay St. Louis restaurant.

Officers speaking to the victim at the restaurant on Thursday said the shooting was apparently a “domestic violence” incident in which a woman’s current boyfriend shot her ex-boyfriend in the side with a .22 pistol.

The victim’s injuries did not appear to be

Monica Thomas
life-threatening — rather than seeking immediate medical attention, he was sitting outside the restaurant speaking with investigators.

Officers of the Bay St. Louis Police Department and Hancock County Sheriff’s Office assisted at the scene.

The victim’s identity has not yet been publicly released.

“This case is still under investigation at this time,” Prendergast said.

MHP IDENTIFIES VICTIM FROM

FATAL HIT AND RUN

ECHO STAFF

The Mississippi Highway Patrol on Tuesday identified the victim from Saturday’s fatal hit and run as 42-year-old David Aaron Simon of Jacksonville, Florida.

The Mississippi Highway Patrol is investigating a fatal hit and run that occurred in the early morning hours of Sept. 26.

According to an MHP release, troopers responded to Hwy. 607 N. and U.S. 90, west of Bay St. Louis at 2:06 a.m. on Saturday.

Upon arrival, troopers discovered a deceased white male in the roadway

and the suspect vehicle fled the scene, the release states.

“During the course of the investigation, MHP crash reconstruction investigators interviewed witnesses who observed the tragic hit-and-run and described the vehicle as a small, gold-colored passenger car,” the release states.

MHP is asking anyone who may have witnessed the event to contact local law enforcement or the MHP Troop K office at 228-396-7400.

No suspect/vehicle information is available at this time and this is an ongoing MHP investigation, the release states.

MSDH ON TUESDAY REPORTS 589 new cases STATEWIDE; STATEWIDE TOTAL IS NOW 97,638 COVID-19 cases AND 2,957 deaths

SEA COAST ECHO

The Mississippi State Department of Health (MSDH) on Tuesday reported 589 new cases of COVID-19 in the state and 36 new deaths. Fifteen of the COVID-19 relat-

ed deaths occurred between July 31 and Sept. 25, identified from death certificate reports. Hancock County’s total number of cases stands at 595 with 22 COVID-19-related deaths. “Mississippi’s total of COVID-19 cases since March 11

now stands at 97,638 with 2,957 deaths.” according to the agency’s statement on Tuesday. “There are now 125 active outbreaks of

According to the suit, Wayne McCants hired Marquar and L&L Construction to build a bulkhead and pier at 144 Elaine Dr. and that then-Ward 6 Councilman Falgout, who owns the adjacent property at 146 Elaine Dr., opposed the project and filed objections with the Mississippi Department of Marine Resources and Army Corps of Engineers to halt it. “When these efforts failed, Mr. Falgout changed tactics,” according to the suit. “Initially, he invited Mr. Marquar to lunch and tried to strong-arm (him) into abandoning the project. Mr. Marquar refused to be intimidated, informing Falgout that he would continue. Lonnie Falgout became angry and threatened that he would use his position as city councilman to destroy Mr. Marquar and his business.” The suit alleged that Falgout “intentionally” interfered with the business relationships of Marquar and L&L by contacting clients and urging them to fire L&L and file complaints with the city’s building department. The suit further alleged that

Maruar and L&L were slandered, claiming that Falgout published “numerous emails and Facebook posts falsely stating that there are numerous complaints against Marquar and L&L filed with the city building department,” although “no complaints have been filed.” Marquar sought a trial and a total of \$4.5 million in compensatory and punitive damages, plus attorney’s fees, plus “any other further relief” the judge may deem appropriate. Later in 2018, former clients in both Hancock and Harrison counties filed criminal charges against Marquar, alleging he had not fulfilled contractual obligations for which he had been paid. Marquar said at the time that Falgout was using his influence with the authorities to get those charges filed. Marquar said Friday that “as there was no evidence of wrongdoing,” in one of the cases, “a No True Bill was issued,” meaning a grand jury refused to indict him. Falgout said last week he felt vindicated by the judge’s dismissal of the civil case. “In 2013, I was elected to the Bay St. Louis City Council to represent the citizens, property owners, weekenders of Ward 6 plus all concerned (on)

city issues throughout my term,” Falgout said. “Since the filing of this federal lawsuit against the city of Bay St. Louis and myself, I’ve maintained a wait and see attitude. This dismissal by the federal court after three long years proves physical pieces of evidence was not produced to assure that this case should proceed to trial. “I represented all areas of Bay St. Louis during my tenure to the best of my ability but I firmly believe to this day that this was nothing more than a political vendetta to oust me and to truly deflect the unfortunate circumstances that these individuals were experiencing. “As a councilman I was called and approached by numerous individuals, citizens and weekenders from many surrounding areas seeking ... help on their dissatisfaction of service and monetary concerns by L & L Construction Services and Keith Marquar. As a councilman and civil servant, I informed, furnished and instructed them accordingly to different areas of relief through proper governmental agencies. It is my current understanding that some of these concerns (have been) and are still presently being addressed.”

Marquar said he intends to take the matter to state court “with all due haste.”

system who have already experienced abuse or neglect. CASA advocates meet with children in person at least monthly and provide information to judges that helps them make the most well-informed decisions about each child. The plan for Remi is to help the children feel more at ease through the process. “Remi is here to help the children,” CASA Executive Director Cynthia Chauvin said, “but what we know about animals is they help everybody involved in the situation.” Remi was trained by Canine Companions for Independence, which said in a press release that Remi will provide “a calming presence and an extra layer of support to child victims who find themselves involved in Hancock County’s child welfare system. “As the Courthouse Facility Dog, Remi will assist handler Naomi Strawhorn during her work as the Victim Services Coordinator by accompanying children to court in order to lessen stress associated with court appearances.” Strawhorn said Canine Companions breeds, raises and expertly trains assistance dogs in commands designed to assist people with disabilities or to motivate and inspire clients with special needs. The process to become a facility dog includes two years of daily, specialized training, she said. “Since our graduation, Remi has accompanied children to their court hearings in order to create a positive atmosphere in the courtroom and provide a calming presence for the youth court staff, family members, and child welfare professionals,” Strawhorn said. “When children walk into the courtroom and see Remi, their faces often light up, and they associate youth court with her wagging tail and wet nose rather than an uncomfortable room full of strangers,” Strawhorn said. “When they walk in the room, it’s a room full

of strangers, oftentimes, and especially now with COVID-19 and a lot of people being masked, it can be kind of intimidating for the children. (However) when the children walk in, they just go directly to Remi and kind of diffused the tension in the room. “I’ve had kids justly down on the bed next to her. I’ve also had children read books to her during court cases.” “Although children are Remi’s priority and the focus of her work,” Chauvin said, “her presence in the courtroom and other community settings also benefits parents, family members, and youth court staff, and child welfare professionals.” “(Youth Court) Judge Trent Favre is huge fan — he’s actually one of Remi’s favorite people, so every time she goes up to him, there is a lot of affection.” Canine Companions has been enhancing the lives of people with disabilities by training over the past 45 years by placing more than 6,500 assistance dogs with program graduates, including more than 285 dogs with military veterans and more than 1,600 dogs with children. The estimated cost of an expertly trained Canine Companions facility dog like Remi’s is \$50,000; however, each facility dog is provided at no cost. Strawhorn completed rigorous training session at Canine Companions regional campus in Orlando to learn how to work with and handle a facility dog. While Canine Companions maintains ownership of the dogs during the terms of their service, Strawhorn said, “Once the dog is retired, the handlers are allowed to adopt the dog. Usually, the working life is about 10 years. Strawhorn said she intends to adopt Remi herself when the time comes; however, she is just two-and-half years-old, so her retirement is a long way off. “She’s incredible,” Strawhorn said. “She is very smart. I tell everyone she’s the smart one in our relationship. ... She comes home and is a normal pet when she takes that vest off, but when she puts on that vest, she’s a court professional.”

A QUICK TRIP?

I like to people watch, always have. You can learn so much just by observing.

My Friday night Walmart trips provide an excellent opportunity to people watch.

Since the mask mandate has been in place at Walmart and throughout the state, I have noticed several people refusing to wear them inside the store.

No, I don't go around shaming them.

But I do wish they would also leave the shirt and shoes off as well (also a requirement of many businesses for years now); it would make their stance more powerful in a sense.

But alas, it just makes their "movement" seem all the more hollow. If you're going to "protest" one mandate, why not all of them?

So then I got to thinking about the things that have to be in place before we can even think about going to the store.

Is it really just a quick trip?

We are already "trained" to have our ducks in a row before we even leave our homes (which we also pay taxes on and have to have the city leaders approve or disprove whether or not our house plans will fit in with the surrounding area).

So you're getting ready to go. If you are driving your car to the store, you must have an unexpired car tag; proof of motor vehicle insurance; a valid drivers license; not be under the influence of intoxicating substances; and not be using electronic devices while driving.

So you're driving down the roads and you have to obey all the traffic signs and use the proper turn signals and whatnot.

You're finally at your destination, with your shirt and shoes on, of course.

It's time to shop. But you can only purchase certain items if you're of a required age. You must be 21 years old to purchase alcohol and tobacco products. But you can join the military at 18 years old, go figure.

Some medications are not available over-the-counter so one must have a prescription from a physician in order to obtain certain medications.

So you're done shopping and need to check out. Everything must be paid for, you can't just walk out and "forget" to pay for something.

Make sure you have enough money in the bank to not only cover the cost of the items, but also to pay the state sales tax.

People seem to describe a "quick trip" to the store

WICKER PUSHES FOR NEW COVID-19 RELIEF MEASURES

URGENT ACTION NEEDED FOR SMALL BUSINESSES, MILITARY, AND INFRASTRUCTURE

From the Senate
By Sen. Roger Wicker

When the pandemic began, few could have imagined how hard it would hit our communities. Yet over the past six months, Americans have done a remarkable job adapting to the challenges we have faced. Protective health measures have allowed more schools, businesses, and churches to re-open safely, and we are making steady progress toward a recovery.

Congress acted swiftly this past spring to send relief to families and workers in need. Since then, Congress has replenished the Paycheck Protection Program to help small businesses keep employees on the payroll. Now this program needs additional funds, and Americans across all sectors urgently need a fresh round of support.

Congress has considered new relief mea-

sures, but bipartisan talks have broken down. I am pushing several proposals that I hope Congress will enact immediately.

MOST VULNERABLE SECTORS INCLUDE AIRLINES, RESTAURANTS

Restaurants have been among the hardest-hit businesses during the pandemic. They have faced drastic revenue losses, and public health restrictions

continue to limit seating capacity. Many restaurants could not take advantage of federal assistance. The Paycheck Protection Program required businesses to spend 60 percent of their loan money on labor costs for their loans to be forgiven. However, restaurants typically spend most of their budgets on fixed costs like food, rent, and utilities. I have introduced the RESTAURANTS Act to fill this critical gap in support and help restaurants survive. This aid would benefit restaurant employees as well as the many farmers, fishermen, and distributors who supply restaurants.

The air travel industry is also hurting given the significant drop in passengers. This year, I led the effort to provide a lifeline to aviation workers through direct payroll assistance, which saved over

700,000 jobs. Unfortunately, this relief has run out. Without new aid, airlines will begin mass layoffs in the next few days. I am pushing to extend airline payroll support through March of 2021. This would save thousands of jobs in a sector that helps connect our nationwide economy.

Our military supply chain also remains vulnerable. The U.S. military relies on thousands of businesses and manufacturers to remain well supplied and keep our nation safe. The pandemic has caused production delays and brought financial uncertainty, particularly in the shipbuilding and aircraft manufacturing sectors. I am urging Congress to provide relief to our defense in-

Need a better contingency plan

Diamondhead had to postpone a special mayoral election last week due to hurricane watch and evacuation. Informed incorrectly at first that the entire election process, cancelled less than a day before polls were to open, had to begin again, we next learned that Mississippi actually has no law on what to do if elections must be postponed and reset or polling places need relocating due to emergency conditions. That makes no sense in a hurricane- and tornado-prone state.

Spared after Sally veered east, Diamondhead coped with resetting its election by care-

fully crafting a solution thanks to four council members, its city attorney Derek Cusick, and the valuable help of Malcolm Jones, city at-

torney of Pass Christian and Waveland. But it's absurd to need all hands on deck, threading their way through an election/emergency law minefield

with no certain guidance in the aftermath of a disaster. We need a plan.

I'd suggest Minnesota's statute as model. It provides for emergency plans adopted at the local level, based on a model plan prepared by the Secretary of State's office and filed with that office. That would ensure local control of local elections rather than involving control of state officials in every emergency-impacted election. Please contact your legislators and local officials to enact adequate legislation and get this done.

as something that be can done quite easily.
Well, of course, it can. As long as you remember those things we’ve been “trained” to do, it can be quick and easy.
I’m sure I’m missing some steps here or there. But my point would be, I don’t think that the powers that be need a mask mandate to “control” the masses.

We are already conditioned to accept and follow the laws set forth and I cannot for the life of me understand why this mask mandate; social distancing guidelines; and other pandemic-related mandates are the straws that broke the camel’s back.
Sure, and I agree, the information has been back and forth and it’s hard to make heads or tail out of it, especially for those of us without science backgrounds. And sorry, a Facebook meme or YouTube video does not make one an

expert on infectious diseases. But, from what I have always understood about science, is that a lot of things are trial and error, especially when learning how to navigate new strains of viruses.
Maybe one day I will understand it all, but until then, and for at least as long as the mask mandate stands, I’ll be on the hunt for the maskless, shirtless, and shoeless protester.

dustrial base, which is key to our economic recovery and national security.
HELP FOR LOCAL GOVERNMENTS
The economic slowdown has left local governments short on revenue. I have introduced legislation to help local tax dollars go farther. The LOCAL Infrastructure Act would allow state and local governments to take advantage of lower interest rates through advance refunding of bonds. I have also introduced the American Infrastructure Bonds Act to create a new category of “direct-pay” taxable municipal bonds. Both of these proposals would make it less expensive to invest in hospitals,

roads, and schools and would help attract private investment for public projects.
In view of our nation’s increased humanitarian need, I have introduced the CORPS Act to expand national service positions in organizations like AmeriCorps and the Senior Corps. These organizations have a proven track record of partnering with communities to meet specific needs during times of crisis. The CORPS Act would multiply their efforts and complement the work of nonprofits and churches that are providing food, health services, and education support.
These are a few of the ways Congress can act on a bipartisan basis to help our nation continue to recover. But time is of the essence. Leaders of both parties need to come together in the coming days to provide our economy with the support it still needs.

WILLIAM GLEN DAVIS

William Glen Davis, 71 of Necaise Crossing, passed away September 19, 2020 surrounded by his loving family at his home. Glen was born to Walter "Buddy" and Alice (Jones) Davis on January 25, 1949 in Magee, MS. He is preceded in death by his parents; sisters, Cynthia Ladner and Dawn Ladner Graham and grandson, Cody Davis. Glen leaves behind to mourn his departure, his wife of 51 years, Gabriel "Gay Ann" Davis; children, Casey (Krissy) Davis, Scotty Davis, Josh Davis and Kristy Davis; siblings, Delores (Lonnies) Wood, Diane Hall, Ricky Davis, Timmy (Carrie) Ladner, Dawn Davis, Lynn Holand, Wally Davis and Andy Davis; grandchildren, Nathaniel Davis, Caden Davis, Baily Davis,

Mathew Davis, Colt Davis, Malia Davis, Hunter Paige, Cortey Wade, Peyton Davis, Hannah Davis, Misty Davis and Ryder Peterson; great-grand, Mathew Bynum, Katie Lynn Bynum, Maddox Davis, Gracie Lou Davis and Corbin Davis. Growing up, Glen enjoyed sports and later in life coached Little League. He was in the United States Army and proudly served his country that he loved so well. He was an avid hunter and no worm was ever safe around him!! He was a talented craftsman and member of the Masonic Lodge. Glen was a selfless and caring person. He always put the best interest of his family before his own. He took extreme pride in being a Pawpaw. Glen will be forever loved and missed beyond measure. Glen was a simple man

that didn't believe in a lot of fanfare. His family is honoring his wishes to be cremated. A Celebration of Life will be held on September 30 at Shiloh Baptist Church from 10 am to 1 pm. Service will be at 1 pm with committal to follow in family cemetery. Trinity Funeral Services asks that you keep the Davis family in your thoughts and prayers over the coming days.

LEE BUCKLEY KLEIN, SR

Lee Buckley Klein, Sr., 84 of Bay St. Louis, entered into his eternal rest Sunday, Sept. 27th. Lee was born June 12, 1936, the third of six children to Frank & Claudia (Cuevas) Klein. He grew up in the marsh in and around Clermont Harbor. An original "swamp person", Lee literally loved the outdoors and spent as much time as possible hunting and fishing. He graduated from Bay High, a member of the Class of 1954 and continued on the Pearl River Community College. After graduating PRCC, Lee joined the US Army as a dental technician where he learned dental prosthetics. While stationed at Walter Reed in Washington, a local young lady caught his eye. Lee married Marie Gehermann August 13, 1958 and brought her home to Bay St. Louis after his discharge. Lee was not one to sit idly by and went to work at a dental lab in New Orleans where he stayed for 13 years before deciding to open K & M Dental Lab in the Bay area. Wanting to serve

his community even more, Lee ran for Justice Court Judge in 1972 and served in that position until his retirement in 2000. He also served as City Court Judge in Waveland and Judge Pro-tem in Bay St. Louis. A faithful and active Catholic, Judge Klein was a member and lecturer at St. Ann, as well as a member of the Masonic Lodge #429 in Bay St. Louis. An avid hunter and fisherman his entire life, he is remembered as a truly wonderful husband and father, taking his boys with him most everywhere he went. A loving and devoted family man, Lee adored his grand and great-grandchildren. He will be fondly remembered and sadly missed by all who knew and loved him. He

was preceded by his parents, Frank & Claudia Klein; brothers Frank Jr. and John Klein, Sr., and one sister, Sue Sellier. Left to cherish his many memories are: his loving wife of 62 years, Marie; their two daughters, Lynn (Royce) Caruso of Huntsville, AL and Lisa Klein of Clinton, MS, and two sons, Lee (Sharon) and Steve (Jeannie) Klein, all of Lakeshore; and his sisters Claudia Lang, also of Lakeshore and Kathleen (Jerry) Ladner of White Cypress Lakes. Lee leaves a legacy of ten grandchildren and twelve great-grands, along with numerous extended family, friends and neighbors through the years. Funeral service plans are set for Friday, Oct. 2nd, with the location to be determined.

Updated arrangements will be posted online at www.trinity-funerals.net as soon as possible. Trinity Funeral Services is honored to serve the Klein family in their time of need, asking everyone to Keep Marie and everyone in your thoughts and prayers through this difficult time.

WONDERING ABOUT PEOPLE YOU DON'T KNOW By GARY ANDREWS

When I was stationed in Vietnam my workplace was located close to the hospital. Even though I wasn't directly involved in the fighting I was in a critical support organization of the brave soldiers on the battlefield. I prayed and the people I worked with prayed daily for these soldiers for their safe return to base. None of us were from the same hometown however we all had one common bond and that was the Lord Jesus. I can't say I ever remember any one of them saying they didn't know the Lord or they didn't want to participate in our prayer vigils.

On many occasions I would stand on the outside of our building and watch the medivacs as they would bring the wounded in from the field. If I could see medics running out with a gurney I knew that the soldier brought in had a chance to live. If I saw the helicopter land and no one ran out, the soldier was rolled on to the ground and laid there until someone could retrieve his body.

This bothered me immensely and I would pray that this man knew Jesus and that he was in heaven singing praises to Jesus. Many times I would see the doctors, nurses, corpsmen, and others pray as these individuals came in whether they had a chance to live or they had gone on to meet our maker.

We were in a war zone and no one had problems with the name of Jesus, not one. Why is it today we have problems with our military chaplains saying the name of Jesus? Political correctness has ruined much of life because some have objected and the minority are ruling the majority. All of us need to remember who is ultimately in charge and who will have the last word and it is not the political correct politicians. I wonder what all the soldiers in the military would tell them if they asked about prayer and Jesus. Yes, I know that a few will speak up and say there is no God, or their religion doesn't recognize Jesus as our Lord and Savior, but why does the ma-

jority not rule anymore?

The Word of God tells us in 1 Peter 2:24, "...all flesh is as grass, and all the glory of man as the flower of the grass. The grass withers, and its flower falls away, but the word of the Lord endures forever."

How about you? Do you wonder about your neighbors, friends, and/or co-workers? Do you pray for them? In the world today one might tell you that there is no Jesus but if you read the Word of God you can tell them that it is the same today as it was in the early days and it has never changed and it never will. What can they tell you about their life or their belief? All of us have to stand firm and let the Lord God use us in his way and time.

Prayer: Lord thank you allowing me the opportunity to serve this great country through the military and the opportunity of serving you in my everyday life. I pray that I can be a good soldier for you and win others for your service. Amen.

PUBLIC NOTICE OF APPLICATION
FOR COASTAL WETLANDS PERMIT
AND WATER QUALITY CERTIFICATION
Peter Trapolin has filed an application
with the Department of Marine Resources
requesting permission to conduct regulated
activities under the provision of the Coastal
Wetlands Protection Act, Title 49, Chapter
27, Mississippi Code of 1972.
The applicant is proposing to construct a jetty
on his property at 425 1st Avenue, in Pass
Christian, Harrison County, Mississippi. The
goal of the project is to retain the beach that
the previous jetty had created. The proposed
jetty will be approximately 56 feet long. The
applicant is requesting a variance from Miss.
Admin. Code Title 22, Part 23, Chapter 8,
Section 103.09 which states, "Groins and
jetties to trap sediments are allowed only
as a means to reduce shoaling of navigable
channels and boat basins.", and has justified
these requests under Miss. Admin. Code
Title 22, Part 23, Chapter 8, Section 118.01
by stating that impacts to Coastal Wetlands
would be no worse than if the requirements
were followed. This public notice, project
diagrams, and a copy of the full project applica-
tion may be accessed on MDMR's website
at: <http://dnr.ms.gov/index.php/coastal-resources-management/wetland-permitting>.
A copy can also be mailed upon request.
In compliance with

to the Clerk of said Court for Probate and registered according to law within 90 days from this date, or they will be forever barred. This 18th day of September, A.D., 2020.

MEET GILES.

This sweet boy has been in the shelter for a month, and with patience and understanding from our wonderful dog techs, he has really come out of his shell. This handsome, green eyed hunk is approximately 3 years old, and likely a Husky-/American Pit Bull Terrier mix. He was initially a little rough around the edges, and appeared to have been straying for awhile, but he is on the mend and looking mighty fine. Our kennel techs report that he is extremely sweet, and wags his tail immediately upon seeing them. He gives appreciative kisses as well. Giles is very people oriented, and is happiest when in the company of his human friends at the shelter. While he is not aggressive in any way with other dogs, he does not initiate play or interaction of any kind. He is a loner of sorts. Giles walks well on a leash and harness, but he may need additional house and crate training. If you would like to be that someone special who gives Giles the TLC and forever home he deserves, please call the shelter at 228-466-4516 to schedule a meet-n-greet. Please bring your family dog(s) along for the visit to ensure compatibility. Giles has not met any children while here at the shelter, so we cannot make a recommendation as to how he might react to kids. We do feel as though he is BFF material for a single person, couple or active retirees. If you meet Giles, you will fall in love with him. Visit our Facebook page, Hancock County Animal Shelter, MS, to see more pictures of Giles, and of the many other wonderful, adoptable animals looking for their forever homes.

OCEAN SPRINGS **DOWN**S HAWKS 27-10

BY DWAYNE BREMER
CONTRIBUTING WRITER

The Hancock Hawks fell 27-10 to the Ocean Springs Greyhounds in a hard-fought contest Friday at Brett Favre Field.

The Hawks (1-3) were hoping to build on last week's victory against Northeast Lauderdale, but the Greyhounds jumped out to a two-score lead early in the contest.

Greyhound quarterback Brayson Hubbard opened the scoring midway through the first quarter with a one-yard scoring run. The point-after failed.

On the next drive,

Hubbard connected with Torian Kelly for a 50-yard completion to set up a two-yard touchdown run by David Humphries. The point-after gave Ocean Springs a 13-0 lead.

The Hawks' offense was not able to muster much on their first few drives, but their defense tightened up in the second quarter, keeping them in the game.

Cameron Ganier and Nicolas Lawler registered sacks to stop Greyhound drives, and late in the half, Sema'J Robertson intercepted Hubbard at the 45.

A targeting penalty on the Greyhounds moved the ball into the red

zone, and with just eight seconds to play in the half, Kameron Breland connected with Cameron Miller on a perfectly-executed wheel route for a 12-yard touchdown. Finn Cowan added the point-after and the Hawks had cut the lead to 13-7.

The Greyhounds received the second-half kickoff and the Hawks defense quickly forced a third-and-twenty.

The Greyhounds then made the play of the game as Hubbard launched a long pass that Kelly hauled in and took it the distance for an 80-yard touchdown. The point-after gave Ocean Springs a 20-7 lead.

Hancock answered with a nice drive of its own, moving the ball inside the Greyhounds' ten. The drive stalled, however, and the Hawks settled for a 20-yard field goal by Cowan to cut the lead to 20-10.

The Hawks defense stopped the Greyhounds next drive, but a nice punt pinned Hancock at their one-yard line.

Miller ran for a first down and then Kaleb Crowe broke free on a 26-yard run to give the Hawks a first down near midfield. A pass interference penalty moved the ball to the 40, but the Hawks were unable to get any closer and punted the ball back to Ocean

Springs.

The Greyhounds then went on a long drive that consumed most of the fourth quarter clock.

Hubbard capped the drive with a one-yard

run. The point-after gave Ocean Springs a 27-10 lead with just over a minute to play.

Hancock was unable to score again and the final was 27-10.

BAY HIGH COMES UP SHORT IN BATTLE *of* TIGERS

BY MAURICE SINGLETON
CONTRIBUTING WRITER

The Bay High Tigers fell short in the battle of Tigers in McComb last Friday, as Bay (2-1), struggled to find their rhythm, getting their first loss of the season, 47-14.

Bay High established their best drive of the night in the final minutes of the first half, putting together an 11-play, 60-yard drive, including converting a fourth-and-seven from the visitors' 27 yard line as Josh Peters connected with Noah Cutter for a 20-yard completion seven yards from pay dirt.

Peters closed out the drive with a one-yard

keeper for the score to pull within 13 points of McComb at 20-7 with 1:31 remaining on the second quarter clock. But Bay High allowed McComb to get back on the scoreboard before halftime, giving them a 26-7 halftime lead.

"That was the key moment of the game," said Bay High coach Jeremy Turcotte. "They put together a four-play drive for a score.

"We came out after halftime and mounted a 15-play drive," Turcotte explained how Bay High's offense appeared to be getting into a rhythm. The drive stalled at McComb's 20 yard line.

Bay High's final score of the game came on a 90-yard Carmello Simpson kickoff return.

"We made way too many mistakes," said Turcotte. "We were in the red zone twice where we didn't come away with any points."

"That starts with me," Turcotte added. "I didn't do the best job of preparing us with the short week (Bay High played last week on Saturday). A lot of learning was done from top to bottom. When it's all said and done, I thought this was a big test for our program. We hadn't seen this kind of speed before."

Cutter led the Tigers with 88 rushing yards on

18 carries. Peters completed six of 16 passes for 95 yards.

The Tigers will host Pass Christian (2-2) at J.D. McCullough Tank Williams Field this Friday in a rivalry matchup.

"We are going to see another shifty quarterback in Kameron White," said Turcotte. "He was one of their most dangerous receivers last year. He and Dylan Necaie present some challenges to our defense.

"I've always enjoyed the Bay-Pass rivalry," said Turcotte. "I know that our kids will be fired up."

HORNETS STING ROCKS IN SECOND HALF 27-7

BY JOSEPH W. GEX, II
STAFF WRITER

The Poplarville Hornets and the Saint Stanislaus Rock-a-chaws battled to a 7-7 tie at the end of the first half 'between the walls' at the Brother Philip Memorial Athletic Complex on Friday night.

It had the setting for a slobberknocker in the second half; however, it never materialized as the Hornets (1-3) stung the Rocks (3-1) for three second half scores off two SSC turnovers en route to a 27-7 victory.

SSC head coach Nate Encrapera commented, "The first half was as physical a game as we expected. The second half was one that got away from us. Poplarville knows how to call a good game and they put themselves in good positions. We, as a staff, gave to do a better job of changing some looks and getting in position

to be successful. This week, we face another tough test against Moss Point. We have to hit the field hard this week, correct our mistakes, and prepare for a talented Moss Point team."

After trading possessions to open the game, the Hornets went 77 yards on 12 plays to start the scoring. The Hornets scored on a six-yard run with 11:54 left in the first half.

The PAT was good making the score 7-0.

SSC wasted no time putting together an extended drive of their own covering 73 yards on 10 plays.

Gage Peterson toted the mail seven times on the drive culminating the drive with a one-yard plunge with 6:50 left before halftime.

Gene Hoffman converted the PAT to knot the score at 7-7.

In the second half, SSC never seemed to get on track as Poplarville

converted on their first three possessions of the half. The Hornets scored on runs of 52, six and 41 yards to add to their box score and capitalized on a fumble and interception by the Rocks.

The Rocks were paced by Peterson who rushed for 36 yards on 11 carries and a touchdown.

He also threw for 157 yards on 14-for-20 passing.

On defense, the Rocks were led by Trustin Northington with 16 tackles including seven solos and a blocked PAT followed by Blake Bilich with 15 stops.

The Rocks travel to Moss Point on Friday to open their Division 8-4A schedule. Last week the Tigers outlasted Stone 56-50.

Game time is set for 7 p.m.

Hawks to forfeit Friday night’s game due to quarantine

BY GEOFF BELCHER
GENERAL MANAGER

The Hancock Hawks football team has apparently had to forfeit its game scheduled Friday night against St. Martin because some players are in quarantine after possible exposure to COVID-19.

The St. Martin athletic department announced the forfeiture on Monday, saying “Unfortunately, Hancock has had to quarantine their team and will not be able to play this Friday.”

The Hancock Coun-

ty School District has not yet announced the number of students in quarantine. The latest information available from the Mississippi State Department of Health is from Step. 23, and shows only one student quarantined county-wide for the week of Sept. 14-18 and only two students testing positive since the start of the school year.

“The year 2020 and especially our school year have not been what we had hoped for, dreamed of, or planned for,” Hancock High Principal Tara Ladner said

on Facebook on Monday. “However, the best of humanity has always fought to rise above circumstances whether it be conflict, economic hardship, natural disaster, or pandemic.”

Ladner urged students and their families to be positive and encouraging, and help make others feel safe in self-reporting cases of the virus.

She said that “COVID-19 is this generation’s litmus test.”

“With each positive case our school has, efforts to follow the Mississippi Department of

Health, the Center for Disease Control, and our district policy become increasingly important,” Ladner said. “We recognize that these policies are not ideal for everyone involved and hopefully in the near future, changes can be made under the direction of state and local agencies. In the meantime, we want to assure you that Hancock High School will work to accommodate things that you may miss in the event of a quarantine situation be it school pictures, senior portraits, senior night or any oth-

er major events. If you want to know about the status of a specific event or sport, please contact the teacher or coach in charge.

“Again, it is the job of every single one of us

to keep one another safe. Safe from Covid-19; safe from bullying; safe from negativity. We are in this together and together is how we will emerge successful on the other side.”

PUBLIC NOTICE

HANCOCK COUNTY
Household Hazardous Waste Collection Day
OCTOBER 3, 2020

The Household Hazardous Waste Collection event will be held in a new location at the Hancock County Arena on 4184 Kiln-Delisle Road in the Kiln on Saturday, October 3, 2020, from 8:00 A.M. to 1:00 P.M. The event is supported by a grant from the MS Department of Environmental Quality and is open to the public without charge for Hancock County residents. Items allowed for disposal include waste tires, electronics, scrap metal, waste oil, and including but not limited to paints, pesticides, cleaners, anti-freeze, disinfectants, etc. No medical waste, ammunition and or explosives will be accepted.

Due to COVID-19, all participants need to remain inside the vehicle and wear a mask during the drop-off of items. All materials intended for disposal should be placed in the trunk of the car (not the back seat) or in the bed of the truck/trailer. Any items that are not meant for disposal should be removed from these areas.

More than 100 participants show up for Diamondhead’s ‘Paddle Paradise’

SEA COAST ECHO

More than a hundred participants showed up Saturday for the city of Diamondhead’s first annual “Paddle Paradise.”

“The first year was a huge success for the City of Diamondhead,” City Manager Michael J. Reso said. “We were excited to see so many residents and visitors enjoying the Rotten Bayou Blueway and our kayak launches. We need to thank the DMR marine patrol and Hancock County Sheriff’s Marine Patrol being on the water to keep everyone safe. We also need to thank the volunteers who helped put this event together.”

Reso said that 105 paddlers showed up for the event.

“The youngest was four years old and the oldest was 82,” Reso said. “The furthest paddler traveled 577 miles from Texas to attend. This was the daughter of one of our residents. Because of COVID, the mother and her daughters had not seen each other for over four months. This outdoor event allowed them time together in a safe environment.”

Courtesy of the city of Diamondhead/Penny Majors
More than a hundred paddlers ranging in age from 4 to 82 participated Saturday in the city of Diamondhead’s Paddle Paradise event.

After the event Saturday, participants stayed to enjoy the music of the Dave Mayley Band and food and drinks by Lazy Gator.

Before the paddle, the city served breakfast bars, oranges, apples and bananas that were provided by Rouses, Reso said.

“The kayak launches were funded by a Tidelands Grant, which provided 100 percent of the funds to build the launches,” Reso said. “Our residents did not pay anything for this new amenity. We are grateful to the Mississippi Department of Marine Resources and our state

legislature for providing these grants to the city of Diamondhead, and we look forward to expanding the access to the Rotten Bayou Blueways with two additional kayak launches and other recreational activities for our residents to enjoy.

“Our residents are asking for more opportunities to have safe biking, walking, birding, and kayaking opportunities. They want to enjoy nature and to promote a healthy lifestyle.”

Several local businesses provided sponsorships to pay for the free t-shirts, Reso said, while other businesses provided gift certificates

for the raffle items that were given out during the after-party.

Paddle the Gulf was the main sponsor for the event, Reso said, and the MS Coast National Heritage Area (DMR) and Infinity Science Center set up booths to for education and promotions.

Councilman-at-Large Ting LeCuyer assisted with the distribution of raffle items.

PLANT CROTONS FOR FALL FOLIAGE COLOR

DR. GARY R. BACHMAN
MSU EXTENSION SERVICE

I've always said that you can get some of the biggest landscape impact not by using gaudy flowering plants, but by using colorful foliage. My summertime classic go-to is anything coleus, which by the way, is still looking good as we race headlong into autumn. My recommendation for today is if you want a great plant for autumn impact, then I highly recommend you get a couple of croton plants.

Crotons are tropical plants with striking foliage that makes them great in the landscape. They love the heat and humidity of our summers, but their tropical nature means crotons don't like temperatures below 60 degrees. This is no problem in our summer season!

In Mississippi, probably the only gardeners who could realistically grow these in-ground would be the extreme coastal regions. However, crotons make great con-

tainer plants, and growing them in containers makes it much easier to bring them inside for cold weather protection. And then you can enjoy the great color indoors. Growing requirements are pretty easy. Grow croton in the full sun, although some afternoon shade is beneficial. Feed with a 20-20-20 water-soluble fertilizer once a month to keep your croton happy. Maintain consistent soil moisture, as the croton plants don't like to dry out.

There are more than 100 varieties of croton, but we rarely find more than a few in garden centers. Here are a few pretty selections. Gold Dust croton has beautiful, vibrant green foliage with what looks like random patterns of golden-yellow paint splashed on the leaves.

Petra croton is one of the most common varieties, but it is definitely not ordinary. The large, slightly oval leaves are green with various veining and variegations of bold reds, oranges and yellows. Mammy croton is gorgeous with its curly strapped-shaped foliage. The foliage coloration in shades of red, green, purple and bright yellow is a little more subdued compared to Petra. As with all croton, the foliage colors are intensified when grown in bright sunshine. So, when you visit your

local, independent garden center next time for fall mums and marimums, be sure to pick up a couple of crotons to complete your autumnal decorations.

AUTUMN IS A PRIME TIME TO TEND LAWNS AND GARDENS

Autumn is gardening season. That statement may not seem right to those who think of the spring as the peak time to care for lawns and gardens. However, autumn is an ideal time to get into the garden and ensure that flowers, trees and garden beds will over-winter successfully.

A number of things make autumn a prime gardening season.

The cooler days of fall enable gardeners to spend ample time outdoors without the threat of blazing heat. In addition, soil harbors a lot of residual warmth in autumn.

Also, the colder temperatures haven't yet arrived in autumn, nor have the leaves completely fallen,

making fall a prime time to assess what's already in the landscape, what needs pruning back and where to address planting for next year.

Gardening enthusiasts can focus their attention on these areas this fall.

- Pamper perennials. As annuals and perennials start to fall back, mark the spots where perennials are located so they can be easily identified later on.

This way, when planning spots for spring bulbs or other spring layouts for next year, perennials won't be overlooked or covered over.

- Prune shrubs. Look at shrubs and trees and cut out dead or diseased wood.

- Clean up borders.

Weed and tidy up borders and lawn edging.

- Install pavers or rock wall. Embrace the cooler temperatures to work on labor-intensive projects, such as putting in a garden bed, retaining wall or walkway.

- Remove spent summer veggies. Take out vegetable garden plants that have already bloomed and borne fruit. Tidy up vegetable gardens and start to sow cooler weather plants, such as onions, garlic, beans, and sweet peas.

- Rake and compost. Rake the leaves and gather grass clippings to add to the compost pile.

- Plant spring bulbs. Get tulips and other spring bulbs ready for planting so they'll burst with

color next year.

- Dig up herbs. Relocate herbs like parsley or basil to indoor gardens. Otherwise, strip all leaves and freeze for storage during winter.

- Consider mums. Chrysanthemum plants are perennials. While they look beautiful in pots, if planted, maintained and winterized, they can bloom every fall.

- Fertilize the lawn. Fertilizing in autumn helps ensure grass will stay healthy throughout the winter.

- Add mulch and compost to the garden.

UPGRADE YOUR TOOL COLLECTION FOR FALL HOME PROJECTS

When the last cookout is history and it's time to move indoors and on to fall home and shop projects, Woodcraft suggests that you consider adding some new tools to your collection for easier home improvements and repairs.

Change the look of your decor with new hardware in every room, and try out some new jigs from Kreg — Drawer Slide, Concealed Hinge, and Cabinet Hardware Jigs, along with the Kreg Shelf Pin Jigs (1/4" and 5 mm).

"Kreg Hardware Installation Solutions make it easy to add the perfect final touch to your projects by allowing you to confidently install knobs and pulls, concealed door hinges, drawer slides, and adjustable shelves," Woodcraft senior product development manager Peter Collins said. "These durable, adjustable jigs position your hardware and guide your drill so you get accurate, repeatable, professional-quality results every time. These jigs are an essential part of the Kreg 'Kitchen Makeover Series' that provides a helping-hand for those folks that aren't building new but rather changing hardware and paint colors."

Installation of hardware,

shelving, cabinets, doors and windows and many building projects require a driver, like the Bosch PS31-2A 12V Max 3/8" Drill Driver that comes in a kit. Lightweight and compact, the lithium-ion Bosch driver delivers 265 inch-pounds of torque and is great for overhead and tight area work.

For projects that require crosscutting, whether straight or at an angle for joining crown molding, framing doors and windows and more, the lightweight, portable DeWalt 10" Single Bevel Compound Miter Saw will do the job. It has a 15 amp, 5,000 RPM motor and tall sliding fences that support 4 1/2" of crown molding vertically nested.

Sanding is a necessary part of many home and shop projects. For hand-sanding, the Preppin Weapon is an ergonomically-shaped ABS plastic sanding block that fits comfortably in your hand to reduce fatigue. Use wet or dry and load as many as four sheets of sandpaper at one time, removing each one as the abrasive wears out. For power sanding, the Norton 5" Random Orbital Sander features a 2.0-amp motor that generates 12,500 orbits per minute and provides a 3/32" orbit that

helps make quick work of most sanding projects. Ergonomic, rubber palm grip is comfortable and eliminates fatigue. An 8-hole, hook-and-loop pad face offers increased versatility in abrasive selection.

For cutting, grinding, sanding, carving and polishing, the Dremel 3000 Rotary Tool with 24 accessories is a good choice. The upgraded tool features an EZ Twist™ nose cap with an integrated wrench that allows the nose cap to function as a wrench to tighten accessories. A more efficient fan design and side vents for a cooler running tool make it comfortable for extended use.

Once a project reaches the finishing stage, the new HOMERIGHT Finish Max Fine Finish HVLP Sprayer is a good choice for application. The Finish Max will handle any solvent- or water-based product — latex paint, milk paint, chalk paint, furniture paint, stains and finishes. It is easy to set up, use and clean. Features include precision volume control and an adjustable spray pattern. HOMERIGHT Small Spray Shelter and Large Spray Shelter will help contain overspray and drift when using the

sprayer.

Brighten your workspace with the lightweight, portable Keystone 1200 Lumen Work Light that can be set nearly anywhere the 6' cord will reach. Light can pivot 360° around its axis.

Products for working safely and in a clean environment are always important. FastCap Safety Glasses offer UV protection and have clear anti-fog lenses to allow maximum light transmis-

sion. Six-mil-thick Powder Free Nitrile Gloves in three sizes provide inexpensive protection for your skin, keeping your hands free of stain and glue. Deluxe Neoprene Gloves in three sizes are designed for heavy-duty tasks such as stripping paint or finish. Lightweight, muff style SAS Hearing Protectors can be your first line of defense against hearing loss. They are rated of NRR 23.

Keeping a clean work

area is safe and healthy. The 6.6-gallon Karcher WD5/P Wet/Dry Shop Vacuum has a powerful, 1800-watt, variable-speed motor. The onboard power outlet allows the vacuum to come on and go off automatically when the tool is turned on or off.
